Projects

PANORAMIC INTERACTIVE CAMPUS MAP

This project is designed for the campus navigation experience at the Cochin University. This project is implemented to offer students, faculty, visitors, and others an innovative way to explore the campus virtually.

- Designed and developed a campus navigation using React.js, Node.js and MongoDB.
- Created dynamic and user-friendly interfaces in React.js, ensuring efficient visualization and interaction with data.
- Utilized MongoDB as the database solution, efficiently managing complex data structures and ensuring Data integrity.

EXPERIENCE(1 year) – EPL limited

- Quality auditor in production department

Technical Skills

Language: Java, Python, HTML, CSS

Data Structure and Algorithms, Computer Networks,

Operating System, Database Management System
